Welcome to the Church of Universal Fellowship, a house for all people. We welcome persons of every age, background, circumstance, ethnicity, family configuration, gender identity, and sexual orientation. We believe that diversity enriches our faith community and that each of us has a right and responsibility to support one another as we search for the divine by living, learning, and growing.

We welcome Amy Bernier in the nursery, while our nursery caregiver, Pam Frace, is recovering from a fall.

This American documentary premiered at the 2014 Sundance Film Festival. It won the Audience Award: U.S. Documentary at the festival. The film deals with the subject of people suffering from Alzheimer's disease and how music therapy can help and ease their suffering. In many chapters of the film Dan Cohen of Music and Memory places music headphones on patients and we see them become very expressive; his pioneering efforts have placed personal music players in nursing homes. All Welcome! Host: Judy Perkins-Walker
